

Here you can put any of your text that you would like to be displayed here. It can be any text that you think would be suitable.

You can insert your already existing privacy policy or create a new one and put it here as well. It is entirely up to you and you can use any text that you think would be suitable for this app screen.

You can also use this part of the screen to put your text in if you want to do that but it is entirely up to you because you can put any text that would be suitable here.

This is where all the text content supposed to end but you can add more text down below.
